Burnaby, BC,

Dear

This is to inform you that Employment and Social Development Canada (ESDC) has completed the processing of your Labour Market Impact Assessment (LMIA) application received on 01-Nov-2016. The assessment has resulted in a positive decision.

Based on the information provided in your LMIA application, this job offer may be valid to support an application to an economic immigration program subject to the Express Entry system. **Note that Citizenship and Immigration Canada (CIC) will decide which program this LMIA may be used for.**

This LMIA is issued with reference to your stated commitment to:
• Support a permanent residence application only (this means the employer will hire the foreign national only after the permanent resident visa is issued).

You must immediately contact the Service Canada Centre where you submitted this application, and the affected foreign national, if you decide to cancel your offer of employment prior to the entry of the foreign national to Canada or if you no longer need to hire a foreign national. Failure to do so could impact the outcome of future LMIA applications.

This positive assessment is based on the information and supporting documentation you provided in the context of your application. It is subject, notably, to your compliance with legal requirements related to the employment of the foreign worker. These requirements include, but are not limited to, all workers in Canada being:

- protected by relevant labour and employment laws;
- entitled to work in a safe workplace where their health is protected; and
- able to file a complaint with the federal, provincial or territorial department responsible for employment standards, if they are not being provided with the proper wages and working conditions.

Sincerely,
